

We are excited to announce that we will open our office on a part time basis starting Monday, May 18th. Our office will be open for routine exams on Monday, Wednesday, and Thursday from 9am-2pm. This will allow us to make sure that we have a good protocol for sanitizing the exam rooms between each patient. We hope to be open full time by June 1st. As usual, we will be available for ocular emergencies and post op visits. The look of our office has changed a little and we have instituted new office policies for the health and safety of our patients, doctors and staff. Please see the information below.

If you had an appointment during quarantine or you were put on our call back list, rest assured we are working diligently to get everyone on our schedule in a timely manner.

We appreciate everyone's patience during this difficult time. We hope everyone stays safe and healthy and we look forward to seeing you soon.

#### Nevelow Eye Associates Reopening Protocol

Out of abundance of caution and in order to protect our patients, our staff, and our families we have implemented the following safety protocols

- All patients will wear a mask when entering our office for any reason and the mask is required for the duration of your visit. Also, a temperature check will be done at the door.
- Before your appointment there will be a wellness form attached to your automated appointment reminder. That form is required to be filled out before you come for your appointment.
- Patients will call or text us from their car when they arrive for their appointment. We will let you know when it's time to enter our office.
- The front desk and the optical will now have plexiglass protection on the counters and desks.
- All dispenses in the optical will be done by appointment only. There will be no walk in dispensing. If the optician is seeing another patient, you will be asked to wait in your car until you can be seen.
- We are spacing our appointments out to take into account social distancing and to allow the staff to completely sanitize the exams rooms.
- We will no longer accept cash or checks. Only credit cards will be accepted in our office.
